

Manage Your HSA on the Go

Lively Mobile App for Account Holders

The “Lively HSA” mobile app brings the simplicity, ease-of-use, and modern experience of the Lively platform to the palm of your hand, making it easy to manage your accounts on the go.

Key HSA Features

Account Management

View your balance, see recent transactions, manage your debit cards and more.

Track HSA Spending

Lively debit card transactions appear within the app in real-time as you spend.

Automate Contributions

Link your bank account, set a one-time, or recurring contribution and forget the rest.

Monitor HSA Investments

View and monitor your invested HSA funds with all the tools you need from your phone.

Easy Reimbursements

Take and upload photos of receipts, and easily schedule a reimbursement. Get reimbursed today or save the funds for later.

Access HSA Marketplace

Search our HSA marketplace to find retail HSA partners for all of the qualified services and products you need.

Convenience & Security in One

Secure Login - Login security measures such as Two-Factor Authentication (2FA) and biometric credentials keep your account safe from unauthorized users.

Secure Messaging - Conversations with Lively Support through our Secure Messages feature are data encrypted, keeping your information private and secure.

See What's Eligible - Check what healthcare expenses are eligible to be paid for with your HSA funds. Our comprehensive list is always up-to-date and accessible from your app.

Download the “**Lively HSA**” mobile app today.
Available on iOS and Android devices.
